INDIANA
June, 1956

"Just a note to tell you how much we liked your stock. It was all very nice, and was sure a pleasure to find a nurseryman who still gives good balled items. The balls were all good and solid and the sewed burlap was sure a surprise. I thot that was a lost art among the nursery trade.

"We will see you some time this summer and put our order in for the Fall season, again want to thank you for all the fine stock we received."
